

FSK-VTE-001

# GEKO Venous Thromboembolism (VTE) Prevention Study

## FEB2024 NEWSLETTER

### SUBSTANTIAL AMENDMENT ALERT!

Well, it is coming up to Valentine's Day,  
and what better gift than...  
a substantial study amendment!

The aim: to reduce the work burden for the Stroke Research Teams as well as the Vascular Imaging / Radiology Departments.

The amendment has now been shared with your R&D departments.

Please review the accompanying slides that highlight the main changes to the study design and protocol (V3.0, 14 NOV 2023).

We are in progress to implement the required updates to the EDC database. Further news regarding its release will be announced in due course. For now, please ensure the database is updated as much as possible!

We are in progress to complete additional amendments to ensure all supporting documentation etc is also updated. Please keep an eye for future announcements!

Please do let us know if this may help your predicted future enrolment rate.

### RECRUITMENT

**18 / 1200 participants enrolled**

**MOST RECENT ENROLMENT: 25 Jan 2024, Royal United Hospital**

Royal United Hospital have had a great enrolment streak in January 2024.  
Many thanks to the whole team for their ongoing efforts!

We are so appreciative of every patient enrolled.

**Please keep on screening for new patient study participants!**

### NEW SITE!

Welcome West Suffolk Hospital!  
Welcome to the whole Team!
