

FSK-VTE-001

# GEKO Venous Thromboembolism (VTE) Prevention Study

## JUL 2024 NEWSLETTER

### RECRUITMENT

**78 / 1200 participants enrolled**

**MOST RECENT ENROLMENTS: Countess of Chester Hospital, 30 Jul 2024**

A big THANK YOU to all sites who found eligible participants in the month of July—we had an extra **14 study participants** recruited this month!

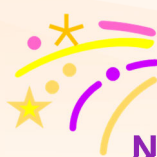

Royal Stoke University Hospital are still in the lead with a grand total of **27 participants** enrolled!

**7 participants** were enrolled this month!

As always, a **HUGE** thank you to all study sites for their continuing efforts.

**Please do keep on screening for new patient study participants!**

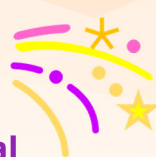

### NEW SITES!

Welcome to

Northwick Park Hospital  
& Queen's Medical Centre!

We are super excited to have you onboard!

### FAQs!

This month's highlighted reminder:

**Q: Patient enrolled but being repatriated to different Hospital Trust for continuing treatment. Other Hospital Trust is also involved in geko study.**

If permanent transfer, patient's randomised treatment is discontinued and patient to be exited from the study.

- Complete **Study Level Form – Subject Milestones**, Last GEKO / IPC Treatment Date, Discontinuation Reason: Other - Repatriated to other Hospital Trust.
- Complete **Study Level Forms - Study Exit Form** to include an "Other" Option > Repatriated to other Hospital Trust for continuing treatment.
